Application Fluid

Rapid Tac I

- Spray application fluid that aids in minimizing bubbles and wrinkles.
- Allows repositioning of graphics.

	Price
4 oz. with sprayer	\$3.77
32 oz. with sprayer	\$10.86
128 oz.	\$30.13
5 Gallon	\$118.60

Rapid Tac II

- More aggressive application fluid for a number of films such as mylar, polyester, metalized, economy cast and calendered.
- Works in cold weather and for window applications.

	Price
4 oz. with sprayer	\$4.14
32 oz. with sprayer	\$11.95
128 oz.	\$33.16
5 Gallon	\$130.49

Adhesive/Decal Removers

Rapid Remover

- Adhesive remover formula designed to aid in the removal of adhesive left from lettering, graphics, and decals.
- In most cases, will not harm automotive or plastic finishes.

	Price
4 oz. with sprayer	\$7.40
32 oz. with sprayer	\$21.64
128 oz.	\$57.95
5 Gallon	\$234.72

Vinyl-Off 10-4

- Designed to remove vinyl safely and quickly.
- Just wipe it on and after a couple of minutes, you are ready to peel off the vinyl and adhesive in one step!
- Reduces your labor by HOURS!
- It is also environmentally safe. It's biodegradable, non-flammable, and water soluble.

	Price
8 oz. with sprayer	\$8.33
Quart with sprayer	\$18.98
Gallon	\$64.06

Reflective Vinyl-Off 914

- More Aggressive!
- Faster Penetrating Action!
- Use without heat!
- Just apply, wait 60 seconds, and pull off both vinyl and adhesive off together.
- It is biodegradable, low VOC, waterborne, non-flammable, mildly scented, and carries no hazardous rating for marine life.
- Designed for removing specialty reflective products and their thicker layer of adhesive backing.
- It removes reflective and metalized vinyl.

	Price
8 oz. with sprayer	\$8.33
Quart with sprayer	\$18.98
Gallon	\$64.06

AlbaChem® Heat Transfer Vinyl Remover

- New formulation is a safer product in better packaging but no loss in performance!
- Vinyl lettering removing solvent completely removes vinyl letters and residual adhesive from most fabrics.
- The yorker spout allows for easy application minimizing waste.
- Highly effective and fast drying.
- Saves you time and money but eliminating need to purchase new garments.
- Leaves no stains or residue.
- Non flammable.

	Price
VLR No. 1020 20 oz. bottle	\$14.25

Cleaners and Care Products

Rapid Prep

- Safe and super effective "deep cleaning" water base solvent surface cleaner.
- Works in one minute to lift silicone, wax, polymer, grease, nicotine, etc. from the surface.
- Great for prepping vehicles for wraps.

	Price
4 oz. with sprayer	\$3.79
32 oz. with sprayer	\$10.96
128 oz.	\$30.42
5 Gallon	\$119.79

Roller Applicators / Rivet Tools

Rolle Pro™ Vinyl Application Roller

- Easy-to-use ergonomically designed tool saves time and provides amazing results as it revolutionizes your process for applying vinyl over rivets.
- Just heat with one hand and roll with the other!
- Roll vinyl over rivets and contoured surfaces such as door handles, moldings, windows and textured surfaces.
- Over 50% faster installation times in many areas.
- Eliminates the need for brushes and other single-rivet applicators.

	Price
Rolle Pro™ Vinyl Application Roller	\$54.38
Rolle Pro™ Replacement Wheel	\$18.48
Rolle Pro™ Textured Surface Replacement Wheel	\$35.00

Rolle Pro™ Textured Surface Kit

- The tool that revolutionized how vinyl is applied over rivets is now available with a high temperature wheel for irregular surfaces and rough walls!
- High temperature wheel can be used on a variety of surfaces such as brick and concrete or any other irregular surface.

Kit includes:

- RollePro™ handle
- Original Wheel
- High Temperature Wheel

Replacement wheels available, sold individually.

	Price
Rolle Pro™ Textured Surface Kit	\$80.69

Rolle Pro™ Precision River Cutter Kit

- Each cutter made from T6 Aircraft Aluminum and hardened steel.
- Solves the age-old problem of vinyl tenting around rivet heads—especially larger rivet heads.
- Tackles the problem with non-conforming materials such as polyester metallized films.
- With only a quarter turn, the vinyl around the entire perimeter of the rivet is precisely cut allowing the vinyl to lay down cleanly around the rivet head.

Kit includes:

- Red Shaft
- Black Handle
- 7/16" and 13/16" cutter heads

Cutter heads also available in 3/4", 15/16" and 1-3/16".

	Price
Rolle Pro™ Precision River Cutter Kit	\$104.72

SHOP ONLINE www.earlmich.com **FREE** local delivery on most items.

Master ProHeat® STC™ Heat Gun

Surface Temperature Control Heat Gun

The ProHeat® STC™ heat gun has the capability to sense, display and control actual work surface temperatures without holding thermometer in other hand or having to attach it to the heat gun.

- Built in surface temperature sensor and LCD display senses, displays and controls surface temperature and provides real-time display of both target and surface temperatures.
- High temperature and airflow ratings get the job done fast. Knowing the surface temperature enables you to work in the upper limits of the cure zone and allows you to bring surfaces up to target temperature fast.
- LTS™ Laser targeting system is a unique laser targeting system that provides field of view for accurate surface temperature measurement.
- Easy to dial-in variable temperature and airflow controls.
- ProLoc™-Supervisor locking feature allows you to lock the controls at the settings that are right for the job giving you repeatable process control.
- LED progress indicators so you know when you have reached your target temperature with quick glance.
- STC™ automatic surface temperature control adjusts output during the heating process. Automatically regulates the heat when you move closer or further from the surface.
- Display in Celsius or Fahrenheit.
- Locking contact switch for continuous duty or various positions.
- Built-in hanging loop and easy grip cushioned handle.
- 3-wire grounded 16.4' long cord set.
- Light weight tool reduces fatigue, weighs only 1.6 pounds.
- Can also be used in traditional heat gun mode when you turn off STC™ controls.

Common Applications

- Post heating vinyl wraps
- Install vehicle, building, and wall wraps
- Pre-heat decals, surfaces and substrates
- Remove decals and bubbles from decals
- Cure paint, epoxy, adhesive and other coatings
- Pre-heat, bend and form plastics
- Heat shrink packaging materials without overheating
- Remove surface mount and components from circuit boards

	Price

ProLoc™ Key Replacement	\$9.26

Proheat® Dualtemp™ Heat Gun

A professional quality performance dual temperature heat gun.

- General purpose heat gun for all your basic applications.
- Lightweight tool reduces fatigue, weighs only 1.6 pounds.
- Two heat settings 500°F and 1000°F to meet temperature requirements for most applications.
- Quick-touch momentary contact switch quickly turn unit on and turns gun off when released.
- Locking contact switch for continuous duty or various positions.
- Built-in hanging loop makes it easy to hang and use balancers.
- Easy grip handle ergonomic design reduces operator fatigue.
- 3-wire grounded 6' long cord set.
- Built-in stand provides stability for hands-free use.
- Available as a kit with carry case, 3" spreader and 1-3/8" tubing shrink attachment.

Common Applications

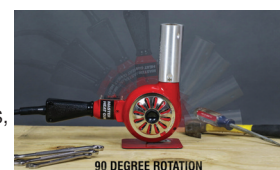

- Post heating vinyl wraps
- Install vehicle, building, and wall wraps
- Pre-heat decals, surfaces and substrates
- Remove decals and bubbles from decals
- Cure paint, epoxy, adhesive and other coatings
- Pre-heat, bend and form plastics
- Heat shrink packaging materials

Master Heat Gun

The Master Heat Gun has been the world's #1 professional heavy-duty industrial heat gun for decades. High temperature, power and airflow ratings get the job done faster than its competition.

- High temperature and power ratings: up to 750°F at 1680 watts.
- High airflow rating: 23 CFM at 3000 FPM gets the job done fast.
- Powerful high speed universal motor.
- Sturdy die-cast aluminum housing.
- Double protected heating element housing.
- Three position "OFF-COLD-HOT" rocker switch or optional "Momentary Contact Switch".
- Contoured, well balanced handle.
- Non-slip rubber-backed base with 90° rotation.
- 6 foot, 3-wire grounded cordset.
- Great for vehicle, building and wall wrap, vinyl removal and application.
- Use to shrink tubing and packaging, bend plastics, cure adhesives, dry and heat parts, strip paint, defrost frozen pipes, heat sensitive materials, solder/desolder and more.
- Available as a kit with carry case, 2-1/4" spreader, 7/8" reduces, and shrink attachment for tubing.

Knifeless tape is one of the most innovative products to hit the wrap market. It allows installers to trim using the filament tapes rather than knives. With a little practice, some installers have seen significant time savings versus traditional knife trimming. Some shops are able to charge more for their wraps by promoting that most trimming is done without the use of knives, so the possibility of damage to the vehicle's paint is minimized. You WILL love this product!

Scan for additional information or go to www.earlmich.com/knifeless

Knifeless Finish Line Tape

- 3.5mm (1/8" nominal) width.
- Use for most wrap applications.
- Conformable around bumpers, door handles, mirrors, etc.

Spike by ^{GPS}

Spike allows you to quickly measure locations for signage by capturing the width, height, and area of a space - simply by capturing a photo from your Smartphone or Tablet.

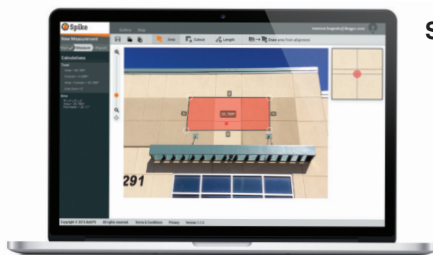

Spike is the world's first laser accurate Smartphone or Tablet measurement solution

Features

- Spike's laser rangefinder and Bluetooth integrates with most Apple and Android devices.
- Capture a photo of an object up to 650 feet away and you can measure height, width, area, length and cutout area.
- Point-to-Point allows you to measure the distance between two objects.
- When taking pictures you are often at an angle from the area of the sign, the alignment tool will allow you to correct the perspective of the surface to get accurate measurements.
- Access original photo of review original measurements or take additional measurements at anytime.
- Measurements and location data are stored with the photo and can be shared as a JPG, PDF, Spike File(XML), KMZ or sharable URL.
- Spike photos can also be exported to the online cloud-based Spike tools so you can view, edit, measure photos from your PC.

For a list of supported devices, visit www.ikegps.com/support

View, edit and measure photos from your PC

Save Money....

- Do your site surveys without the need for ladders, expensive labor or bucket trucks. Keep those trucks busy on current not potential jobs.
- Save on fuel by having sales staff take photos and measurements while meeting with potential customer.
- Cut customer acquisition costs on average by more than 50%.
- Avoid having to return to site for missed measurements or new jobs by opening original Spike photo and modifying or taking additional measurements.

Make Money....

- Turn around estimates faster, sometime even the same day.
- Sales staff can take on more bids as they will not have to wait for other to return to the site to take measurements.
- Grow customer base by bidding ahead of competitors and sharing photo verification with estimates.
- Increase customer confidence with quick response and photo evidence.

Justin Pate Videos

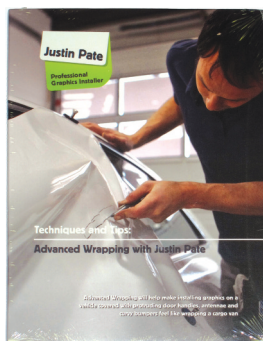

DVD 1 Techniques and Tips: Vehicle Graphic Installations

- Shot in HD, Justin has created an extremely thorough and informative DVD that is geared for all levels of installers.
- Over 144 minutes, Justin covers all the basics of wrapping like cleaning, hardware removals, and tools, to advanced techniques like bumpers and deep recessed areas.
- Also in this DVD is Justin's cutting edge UGIS: Universal Graphic Installation System. UGIS is easy to learn, reduces mistakes and creates efficiency. More importantly, it works on any vehicle so once UGIS is mastered, any vehicle can be wrapped with confidence and quality.

Price

Techniques and Tips DVD 1

\$30.00

DVD 2 Techniques and Tips: Advanced Wrapping

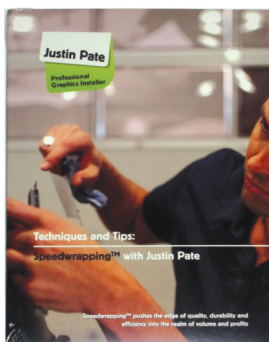

- Advanced wrapping is geared towards the more challenging aspects of vehicle graphic installation like protruding door handles, mirrors, bumpers and much more.
- In 2 hours of footage, Justin shows that with sound technique, unique ways of seeing the installation process, and the right tools,

wrapping complex application surfaces can be confidently accomplished with the highest quality and durability.

Techniques and Tips DVD 2

\$30.00

DVD 3 Techniques and Tips: Speedwrapping™

- Speedwrapping™ is about streamlining the entire graphic installation process with good designs, sound production, and efficient installations in order to maximize profits.
- Justin covers what makes a perfect vehicle design that satisfies the client and installer.
- Next up is production and how, with the right steps, it can act as the perfect middle man for Speedwrapping™.
- Next, it is all about how to lower install times between 1-3 hours per vehicle though a mixture of technique and a set sequential order that reduces mistakes.
- To finish Justin shows how to remove all hardware on a vehicle and more importantly, how to wrap around them with quality and durability if they cannot be taken off.

How to Estimate & Price Signs by Dan Hale

- This updated book on CD teaches the sign professional how to calculate accurate estimates and how to set prices to ensure an acceptable profit margin.
- In addition to the book (included as a .pdf file) are sample Excel programs and instructions on how to use them to practice your own estimating and pricing.
- This CD shows you how to take into consideration every cost, from materials and overhead to sales commissions. Using these costs, it shows you how to set prices ensuring specific profit margins.
- Also, the book and Excel programs show you how leasing signs to customers (not selling them) can mean both higher profits for the sign company and a tax advantage for the customer.
